

Our mission at The Chrysalis: Monarch Center for the Arts is to create arts-based spaces that allow community members of all ages to access, amplify, and elevate their voice, self-expression, identity, agency, and sense of belonging. We envision a world where youth and adults use the tools and resources of the arts to help imagine, create, and build the vibrant and successful life they desire and deserve.

monarch school project

Education. Opportunity. Transformation.

Monarch School Project nurtures resilience in unhoused youth and their families. We empower students to influence their own growth in the areas of academic success and social emotional learning. We reinforce the existing strength of families so that students can thrive in school and in life.
